Assistant Surveyor

Job Reference No. 4602

Moolarben Coal is a joint venture operated by Yancoal Australia Pty Ltd, located 40km north of Mudgee in the Central West of NSW. The mine commenced operations in June 2010 and has extensive resources with a mine life in excess of 20 years. At full production, the mine will produce both open cut and underground coal at a rate of approximately 13 million saleable tonnes per annum.

Reporting to the Mine Surveyor, you will be responsible for setting out survey mining designs and limits, plan preparation and support the machine guidance systems with design data.

You will have:

- A degree in surveying or working towards survey qualifications.
- A demonstrated ability to understand the technical aspects of surveying.
- Experience with Autocad C3D and Terramodel Software (desirable).
- Familiar with trimble GPS and Total stations (desirable).
- Familiar with machine guidance systems (desirable).

Candidates must also reside or be willing to relocate to an area within 100km of the operation.

We will offer:

- Competitive remuneration relevant to your experience.
- A residential role creating a good work/life balance.
- Training & development opportunities.
- A permanent position in a long term project.
- A phone and relocation costs.

If this sounds like the opportunity you have been waiting for, please submit your application, quoting the job reference number, to Amanda Evans at careers@moolarbencoal.com.au. If you have any queries, please do not hesitate to call (02) 6376 1500.

Applications close 2nd March 2012.
