Environment & Community Relations Coordinator

Job Reference No. 2303

Moolarben Coal is a joint venture operated by Yancoal Australia Pty Ltd, located 40km north of Mudgee in the Central West of NSW. The mine commenced operations in June 2010 and has extensive resources with a mine life in excess of 20 years. At full production, the mine will produce both open cut and underground coal at a rate of approximately 13 million saleable tonnes per annum.

Reporting to the Environment & Community Relations Superintendent, the primary focus of this role is to assist with internal environmental advice to achieve environmental compliance while also helping Moolarben to build relationships within the community.

You will be responsible for coordinating environmental monitoring, internal and external reporting, inspections, audits as well as effectively liaising with internal and external stakeholders.

As the successful applicant you will have formal tertiary qualifications in Environmental Science as well as experience within the resources industry. In conjunction with qualifications and industry experience, your ability to build effective relationship will be viewed favourably.

All candidates must reside or be willing to relocate to an area within 100km of the operation.

If this sounds like the opportunity you have been waiting for, please submit your application, quoting the job reference number, to Amanda Evans at careers@moolarbencoal.com.au. If you have any queries, please do not hesitate to call (02) 6376 1500.

Applications close 24th February 2011.
